For Industrial Consumables

Manufactured in Great Britain

“NEVER ASK A PROFESSIONAL TO USE ANYTHING LESS”

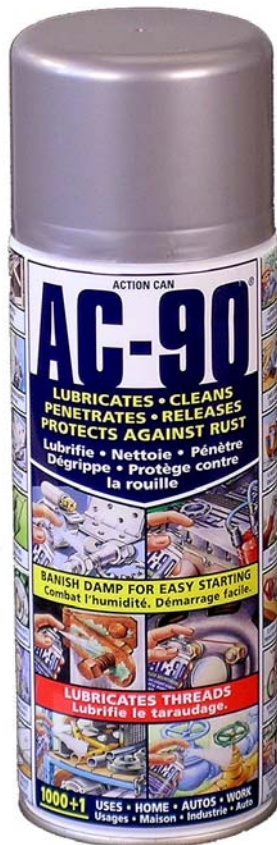

“The quality of our products is endorsed by the approvals we proudly hold from many leading companies.

Our business is focused on delivering our premium grade brands at very competitive prices”

Action Can (U.K.) Ltd. has manufactured premium industrial aerosols since 1947.

Their range of products are exported widely, and used extensively through out the U.K. and Europe.

“NEVER ASK A PROFESSIONAL TO USE ANYTHING LESS”

AC-90

“Instant Maintenance”

AC-90 is Action Can’s flagship product. It has been tested, trusted, and depended on by leading companies worldwide: **specified by Jaguar, authorized by Audi.**

It is premium quality, competitively priced, in a big trade **500 ml can**

- Lubricates and avoids seizures
- Displaces moisture
- Penetrates, Releases
- Cleans metal surfaces
- Protects against rust
- Does not conduct electricity
- Does not contain silicone

# AC90/500	Carton = 15 Cans
------------	------------------

AC-90 has a very high attraction to metal surfaces.

This is the key to AC-90’s performance. AC-90 is able to get under surface moisture & quickly spread its active ingredients into microscopic surface irregularities.

Product specification and characteristics are available upon request.

AC-90 is ideal for switches, fuse boxes and electric motors - flash point 43C - boiling point 150 C - not soluble in water - specific gravity 0.8 - excellent low temperate stability - extinguishing media CO2

Jaguar

BIG NAMES
in British industry use and endorse AC-90 with some even putting their own names on the can!
